

NOTICE: GOOD FAITH ESTIMATE

You have the right to receive a "Good Faith Estimate" explaining how much your medical care will cost.

Under the law, health care providers need to give patients who **don't have insurance**, or who **are not using insurance**, an estimate of the bill for medical items and services.

- You have the right to receive a Good Faith Estimate for the total expected cost of any non-emergency items or services. This includes related costs like medical tests, prescription drugs, equipment, and hospital fees.
- Make sure your health care provider gives you a Good Faith Estimate in writing at least 1 business day before your medical service or time. You can also ask your healthcare provider, and any other provider you chose, for a Good Faith Estimate before you schedule an item or service.
- If you receive a bill that is at least \$400 more than your Good Faith Estimate, you can dispute the bill.
- Make sure to save a copy or picture of your Good Faith Estimate.
